I am very concerned about the conflict of interest created by the President of the United States owning a corporation leasing federal property. GSA officials appointed by and reporting to the President will be doing business with his immediate family members, and proceeds of that business ultimately go to Donald Trump. This is a clear breach of the ethical behavior we must require of our elected officials. I trust that as Inspector General you will review this lease. Thank you.

Hello,

I am emailing you today to express my deep concern about President Trump's many conflicts of interest, specifically, The Trump Hotel lease of the Old Post Office Pavilion. I want to show my support the letter sent on March 29th asking the Inspector General to review the Old Post Office lease.

I believe that elected officials must be held to the highest ethical standards, especially when making money off of federal resources, which President Trump is doing here. The American people need to know that elected officials are not making money where they are not supposed to. This is why I support the call for the Inspector General Ochoa to review this lease of the Old Post Office Pavilion.

Thank you so much for taking the time to read this email.

Hello,

My name is (b) (6), (b) (7)(C), and I am a Ph.D. student at Carnegie Mellon University in Pittsburgh.

I personally care a lot about transparency and ethics in government, and I believe there is an inherent conflict of interest in the President owning a business that leases property from the federal government. I understand that he is not currently involved in the day-to-day management of the business, but ultimately he will receive the profits. The GSA cannot allow this conflict of interest to stand, and so I hope the Inspector General will review the Post Office lease.

Dear GSA,

I'm writing to encourage you to carefully evaluate the lease of the Trump Hotel in the former Post Office building. New documents show that Mr. Trump is the sole beneficiary of the trust he established for his company, which leases the property from the government. This arrangement violates the letter and spirit of the lease, and demonstrates a clear conflict of interest for the president, who would profit from the hotel. Furthermore, it may violate the emoluments clause of the constitution if agents from foreign governments are using their patronage of this hotel to implicitly or explicitly curry favor from the administration.

Again, I urge you to look into this carefully, and to fully appreciate the conflicts of interest this hotel and the Trump administration are engaged in.

Thank you for your consideration.

Hello,

I want to express my serious concern about the Trump Hotel in the Old Post Office. The President is in violation of GSA's own policies now that he has been sworn in - GSA contract that prohibits any "elected official" from being "admitted to any share or part of this Lease or to any benefit that may arise therefrom."

GSA should officially notify President Trump of the breach and then refer the matter to the Civilian Board of Contract Appeals, as you had previously planned. The President has not divested himself from his business interests at all and the GSA should proceed with what is the correct action here. No one is above the law. Please proceed to have President Trump divest himself from this hotel. As a concerned citizen, I would like to see loyalty to the nation and accountability to the people re-established here. Thank you.

Subject: Trump Lease

I strongly urge the GSA to terminate the 60-year lease of the post office pavilion where Trump Hotel is located. The lease terms clearly require GSA to take action when a government official, or even his children, are involved as the President-elect is. In addition, this is an ethical imperative. Honoring the letter and intent of the lease requirements is essential to maintaining the rule of law. The absence of appropriate strong action will severely undermine trust in the integrity of GSA and our government.

Sincerely,

Dear Ms. Ochoa,

I am writing to you today about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Subject: Please End Trump Hotel Lease

Dear General Services Administration,

I am writing to request that you terminate the lease of the Trump Hotel located at the former headquarters of the US Post Office.

Clause 37.19 of the contract between the GSA and the Trump Organization states:

"No member or delegate to Congress, or elected official of the Government of the United States or the Government of the District of Columbia, shall be admitted to any share or part of this Lease or to any benefit that may arise therefrom."

The President-Elect owning the building in question clearly conflicts with that clause. This has the potential to hurt our democracy as demonstrated by recent reports that officials from foreign governments are booking rooms at the Trump Hotel in order to curry favor with the President-Elect.

Please end the lease with the Trump Hotel prior to Donald Trump taking office.

Thank you for your time and consideration.

Dear Inspector-General Ochoa,

I'm writing to ask about President-elect Trump's lease for the Old Post Office building -- a building I remember well from my childhood in DC although I now live in Indiana. I understand that your office is responsible for independent oversight of the GSA, which will be highly necessary now that someone holding a lease from the GSA will be in a position to appoint its personnel. I'd like very much to receive a reply explaining how you plan on protecting the GSA's integrity and the public's tax dollars if the president-elect refuses to divest fully from the Old Post Office hotel. My hope is that, to protect the integrity of the GSA and the government, the GSA immediately ends this contract with the Trump Organization. Thanks very much for your attention.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

This is a very important issue to me, please let me know if there is anything else I can do.

Dear Ms. Ochoa,

I am deeply concerned and puzzled as to why GSA is not ending the contract with Trump and the Old Post Office Pavilion.

He is clearly in violation and GSA seems to be afraid of him and not doing its job. I am losing trust in this government because it seems that one of the most corrupt person in this world is President and he is getting away with anything he wants and no one in a position of power is doing anything about it.

Below is the description of what your office does (copied and pasted from the website) but it seems to me that you are not doing your job as Inspector General.

It seems to me that you are bowing to him because you are afraid.

The Office of Inspector General (OIG) is an independent unit established by law which is responsible for promoting economy, efficiency, and effectiveness and detecting and preventing fraud, waste, and mismanagement in the General Services Administration's (GSA) programs and operations. Our mission is to help the GSA to effectively carry out its responsibilities and to protect the public interest by bringing about positive changes in the performance, accountability, and integrity of GSA programs and operations.

We meet our mission through:

- Independent audits and reviews of contracts, data and financial systems, information technology, and programs.
- Criminal and civil investigations.
- Reviews of proposed legislation and regulations.
- Consultation with GSA, congressional, and law enforcement officials.

Please, I urge you to restore faith in our government by simply ending the contract. Trump has breached the contract. It is fraud.

He has also not paid contractors for work done. What a disgrace!

Do what is right.

Thanks

Even with the donation of profits to the U.S. Treasury, numbers that can be manipulated without a cost accounting audit, the Trump brand profits regardless, especially from foreign individuals. As you must know, the Trump Organization's lease with the GSA for the Old Post Office property presents an unprecedented and troubling conflict of interest. Already foreign diplomats are booking rooms there to curry favor with Trump and the government of Bahrain held a special event at the property last week. This is Trump using his role as the nation's highest ranking public servant (tho it is almost laughable to call him that!) to enrich himself. It is both a danger and an embarrassment to our democracy.

I am asking that the GSA immediately end its business relationship with Donald Trump.

Respectfully,

Subject: Old Post Office Lease

Dear Ms. Ochoa,

I write today to ask the GSA to immediately terminate the lease for the Trump Hotel at the former post office in Washington, D.C.

The President Elect is in clear violation of the terms of the lease (or will be if/when he takes office), which states that : *"No ... elected official of the Government of the United States ... shall be admitted to any share or part of this Lease, or to any benefit that may arise therefrom..."*

I sympathize with the fact that this situation is unprecedented and rather delicate, but it behooves all of us to make sure that our government is free from conflicts of interest, lest the office of the president and the sacred oath of duty towards the American people be stained by scandal or corruption. I thank you for your urgent attention to this matter.

I am asking that the GSA immediately end its business relationship with Trump and his family because it presents a conflict of interest that threatens our democracy.

The terms of the lease seem clear-cut: he cannot simultaneously hold both elected office and be the beneficiary of the lease. And one could argue that transferring his rights in the lease to his children would also constructively breach the contract - he still stands to benefit if his children take over the lease.

Thank you in advance for your consideration.

Subject: Post Office Pavilion in D.C.

Hello,

I am writing about President-elect Donald Trump's lease for the old post office

building. The U.S. owns the Old Post Office Pavilion in D.C. The General Services Administration (GSA) leased it to Trump for the Trump International Hotel. While campaigning, Trump staged a ribbon cutting for his luxury hotel. I believe this is a conflict of interest. As president (or president-elect), I believe he should not profit from his real estate holdings that have governmental leases - in effect, making him both a landlord and a tenant.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am writing about Donald Trump's leasing of the Old Post Office Pavilion from your department. Clearly there is a unconstitutional conflict of interest if Donald Trump stands to profit from using government property for his private luxury hotels. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? The GSA should immediately end its business relationship with Donald Trump and his family.

President-elect Donald Trump's position puts him in violation of the terms of the contract, and I am asking that the GSA immediately review this contract and remedy the conflict of interest.

Thank you for upholding the public interest and promptly investigating Donald J. Trump's conflict of interest in this matter,

What will the GSA do if he puts his children in control of his company, even though they are also close advisors and have contact with foreign officials?

I ask that the GSA immediately end its business relationship with Donald Trump and his family. This relationship is a dangerous conflict of interest that threatens our democracy and the ethical conduct of government and business internationally.

Hello,

I am writing regarding President-elect Donald Trump's lease for the Old Post Office Pavilion.

It is critical that the GSA ends its lease with Donald Trump and does not allow the lease to be transferred to his children. It is clear that President-elect Trump's business and government affairs are too closely enmeshed to allow this lease to stay on. The Old Post Office Building should not be used as political capital and any involvement by the Trump family will be both a conflict of interest and a misuse of taxpayer dollars.

Thank you.

Dear Ms. Ochoa,

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I understand that the lease specifically forbids an elected official from benefiting from the lease. I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy, especially given Donald Trumps history of fraud within Trump University.

Subject: regarding the Old Post Office Pavillion

Dear Ms. Ochoa,

I grew up in Northern Virginia and worked one summer at the Old Post Office Pavillion selling silver and gold jewelry from a cart. This would have been the mid/late 1980s. I LOVED working downtown, particularly in such a beautiful building.

I am writing you today about President-elect Donald Trump's lease on that very same building. I was upset when the building was leased to Trump, but also understood that sometimes business is business and that I might not be happy with the decisions the government makes.

However, now that Trump IS President-elect, I would like to know what the GSA is planning to do in order to protect our taxpayer dollars if he refuses to divest fully from the hotel or tries to place his company in the control of his children.

If President-elect Trump does not put his holdings into a blind trust or if he does not liquidate his holdings, I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Subject: Conflicts of interest and the post office lease

I'm writing about President-Elect Donald Trump's lease for the old post office building.

I work as a professional in identifying and managing conflicts of interest, and am extremely concerned about the conflicts of interest presented by the President-Elect's lease of this building. Even if he removes himself from day-to-day leadership of the business, or steps back entirely in favor of his children, there is still a significant conflict of interest.

In my role as a conflict of interest manager for a university, I would not allow a faculty member or staff member to consider these steps as sufficient management for a conflict of interest. They *certainly* should not be sufficient for a government official.

I am asking that the GSA immediately end its business relationship with Donald Trump and his family. In my professional opinion, there is no other step that would sufficiently manage or mitigate this conflict, and our democracy is too important to let it be threatened by a lease.

Thank you,

I am writing about President-elect Donald Trump's lease for the Old Post Office Pavilion. What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children? I am asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Dear Carol F. Ochoa:

I stand with Representatives Elijah Cummings, Peter DeFazio, Gerald Connolly, and André Carso, and Senators Elizabeth Warren and Tom Carper in asking how the General Services Administration (GSA) plans to address President-elect Donald Trump's lease for the Old Post Office Pavilion.

What is the GSA planning on doing to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel, or tries to place his company in the control of his children? I'm asking that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

Thank you for your consideration of my viewpoint on these matters.

I have asked that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy. However, I would request that if the GSA doesn't not quickly comply with this, that the Office of the Inspector General step in to ensure it happens before Trump takes office in January.

Hello,

My name is (b) (6), (b) (7)(C), and I am a concerned citizen from Sharon, MA. I am very concerned that President-Elect Donald Trump has a lease on the Old Post Office Pavilion. If he does not divest fully from his hotels, and does not place them in a blind trust (giving them to his children to control doesn't count), I ask that the GSA ENDS its business relationship with Trump and his family. It is a conflict of interest.

Sincerely,

Dear Carol Ochoa,

I am writing in regard to President-elect Donald Trump's lease for the Old Post Office Pavillion. What is the GSA planning to do to protect our taxpayer dollars if Donald Trump refuses to divest fully from the hotel or tries to place his company in the control of his children. I am requesting that the GSA immediately end its business relationship with Donald Trump and his family because it presents a conflict of interest that threatens our democracy.

The GSA needs to take a firm stance on this, and by doing so to establish a clear line as a model for the multitude of other conflicts of interest. In the wake of Donald Trump's call with the president of Taiwan, the American people shouldn't have to wonder if his own business interests were the catalyst for this communication. And we shouldn't have to wonder if international diplomats are currying his favor by staying in the Old Post Office Hotel.

It is imperative that the GSA end its business relationship with Donald Trump.

Sincerely,
